

**Fairview Pk. Model flying field
Flight area, patterns, & rules**

Flying Field Rules

- All Flight Operations Must Be Restricted to 200 Feet or Lower!
- All pilots must have a current City permit, and display permit while flying.
- All rules must be obeyed at all times.
- All pilots must have AMA insurance.
- All aircraft must be marked with a visible FAA registration number.
- All aircraft flights, (line of sight) must be within the boundaries of permitted flight area, as depicted on map
- All aircraft must weigh 10 pounds or less. No engine (fuel) powered aircraft or rockets. All new aircraft must be "range checked" before maiden flight.
- Initial "Maiden Flight's" must be done by experienced pilots only, and/or, at other locations.
- Absolutely every effort must be made to prevent "Off Field Landings".
- If your aircraft lands in a vernal pool or marsh, call the park ranger and make arrangements for retrieval.

714-754-5252 (you'll have to wait until they arrive).
