#### Coming Events February 2026

- Due to the rain in Dec, the field is quite wet & the vernal pools are full of water. Mat predicts no flying until maybe March.
- Our next meeting will be Tuesday Feb 10, 7:00-9:00 PM.

## Meeting Location

We hold our monthly meetings at First Team Real Estate, 10072 Adams (at Brookhurst), Huntington Beach, in the Stater Bros. shopping center (7:00-9:00 P.M.). I will arrive with pizzas & Coors Light; I ask for \$5 for pizza and \$5 for beer. There's lots of room, so c'mon down!

## OCMA

OCMA held a safety meeting Saturday Jan 17, with ~200 people showing up. If you decide you want to fly at this great location, you will need to attend a safety meeting; there is one scheduled for Sunday, Feb 15 at 9:00

What you do not want to do is what I did: trip over a parking lot curb. Face plant into the gravel parking lot, fractured humerus, radius, thumb; dislocated shoulder & thumb; mild concussion. Many wonderful people came to my rescue, including Joni & Randy who drove me home. Most of us are old and need to be careful!

## T-Shirts

Erv Szego has made inquiries about getting new T-shirts made up with the club logo on the back. We need to get commitments for at least 50; cost will be \$12. The logo will be in three colors on the back of the shirt. Please let Mat or Mike know how many you'd like!

## KitCutters

Good news! After exchanging emails, KitCutters will be able to make laser-cut Wanderer short kits available in the near future! As a club, we have put many hours on numerous Wanderers. The kits will include all the formed parts: ribs, bulkheads, etc. but you'll need to source the sheet & strip stock. The kits will be priced at \$108. Check their website: <https://kitcutters.com/> for more information. I think we should make up a list of members who want a kit, and I'll see if I can work out a deal for a bulk buy.

## January Flying Days

Due to the rain, we had no flying opportunities during January, so here are some photos from other days.

## The TRUST Test and FAA Registration

TRUST is The Recreational UAS Safety Test. It provides education and testing for recreational flyers on important safety and regulatory information. If you fly your drone recreationally under the Exception for Recreational Flyers you must pass the test before you fly. To take the test, go to <http://trust.modelaircraft.org>. This is the AMA Site. Take the test (Don't worry, it is fail proof) then obtain your "Completion Certificate."

All recreational flyers must pass this aeronautical knowledge and safety test and provide proof of test passage (the TRUST completion certificate) to the FAA or law enforcement upon request.

Go to <http://faadronezone.faa.gov> and create an account for your FAA Registration. Apply for "I fly under The Exception For Recreational Flyers". They will issue you an FAA registration number that must be affixed to the outside of all of your radio control model aircraft. The charge is \$3 for three years, for all of your R/C aircraft.

## HSS Club Decals

We now have decals / vinyl stickers with the HSS logo available. There are 3" diameter and would look great on your planes or in the back window of your car. Come to the meeting to get one or several. These cost the club \$1.20 each, so please donate to the treasury if you want more than one.

## Invitation To Members For Contributions To The Plane Rap Newsletter

Your editor would love to hear from club members. If there is anything you would like to share with the rest of us, I would like you to send it to me. I will add it to the next newsletter. My favorite things to publish are items sent in by members!! These can be anything like reviews of your plane or equipment, links to good videos, links to articles, and things you have built or created. Bad spelling and/or grammar gladly accepted. Anything from a picture with a caption to a full blown build/review article is good. Letters-to-the-Editor are always welcome as well. Tell us what you think. Please help make the newsletter and website more interesting with your submissions. Embarrassing pictures/videos are the best. I look forward to hearing from you.

Mike Costello - Plane Rap Editor - [mikeftre@gmail.com](mailto:mikeftre@gmail.com) .

## Photos of Your Planes

John Rittenhouse has become the club photographer, with Mike Costello as a backup. This is your newsletter, so if you want to see your models featured, or photos of something that interests you, please send to the newsletter editor.
