Christmas Banquet and General Meeting – 4 December 2012

- I. Annual Christmas Banquet. A wonderful Christmas banquet was held at Woody's Barbecue, 10136 Adams Ave., in Huntington Beach., arranged by our outgoing Vice President Erv Szego. Held on Tuesday December 4th, this was one of the best Christmas parties in some time, as the food was great and the service was attentive. Everyone enjoyed themselves. In attendance were Henry Smith 4, Mr. and Mrs. Jesse Calleros, Jeff Greene, Jim Sonnenmeier, Lucille Oslzewsko, Sven Backlund, Jim Peterson, Fred and Margie Hesse, Shari and Tyler Esparza, John Rittenhouse, Walt Cloer, Erv Szego, Dick Odle, Linda and Bruce Ellyson, Rob Askegaard, Joni Whitsitt, Randy Wilbur and Ted Broberg.
- II. Installation of officers. Following our election of officers at the November general meeting, our new officers were installed. As reported in the December issue of Plane Rap, the officers are the same as 2012 except for Jesse Calleros who has accepted the position of Vice President.
- III. Jesse Calleros made a presentation to Karl Hawley. In Jesse's words, "The presentation to Karl was just a thank you for helping the club thru the year, my wife and I wanted to thank him and we made it on behalf of the club. I brought up the idea at November's meeting and was given the green light. It was an informal request. We wanted to pay for his 2013 membership but learning that he is moving just gave him the cash." Thanks, Jesse. That was a kind gesture. - Ed.
- IV. Raffle: Each month, we hold a free raffle of model materials, planes, kits, etc., given by other fliers. The winners at our banquet are as follows.
 - A. SLOW STICK airplane, from the family of the late Don Ramsay: won by Jim Sonnenmeier.
 - B. DW Foamies BAF 48 YAK, donated by John Rittenhouse: winner: Joni Whitsitt, re-gifted to Tyler Esparza.
 - C. Wattage HAWK ARF kit, from Ross Thomas: chosen by Jeff Greene.
 - D. K & B 60 glow engine: NOT TO BE USED AT FAIRVIEW PARK: taken by Sven Backlund.
 - E. Magnum .49 glow engine, picked by Rob Askegaard. NOT FOR FAIRVIEW PARK.
 - F. 2-meter SIG "GENTLE LADY" glider, with wing bag, from Mrs. Terry Broberg: selected by Fred Hesse
 - G. Electric multi-meter, from Harbor Freight: won by Richard Odle

Many of the winners swapped or re-gifted their prizes to others.

The meeting adjourned at 9:15 PM. Respectfully submitted by Ted Broberg, Secretary.

AMA District X Website

The following is taken from the July 2011 edition of "AMA Today", the electronic membership newsletter.

AMA District X Vice President Lawrence Tougas wants to invite AMA members from all districts to enjoy District X's new website. "We have a lot of great articles in our blog, plenty of pictures in our photo albums, and a spot where you can learn more about our associate vice presidents and myself," says Lawrence, District VP. All of the information is at www.ama10.org. Why not consider helping your district with its website?

Be a Concerned Enthusiast – Support the AMA

As discussed in the April 2012 issue of Model Aviation (the AMA publication sent to all AMA members), the federal government has passed the FAA Modernization and Reform Act of 2012, which includes Sec. 336 Special Rule For Model Aircraft. This law prevents the FAA from passing any rule that controls model aircraft being flown under the AMA safety code. The details appear on pages 14 and 15 of the April 2012 issue of Model Aviation. This Act resulted in part by the 90,000+ letters written by AMA members to their representatives.

The AMA will shortly be facing a new FAA regulation called the "small Unmanned Aircraft Systems" (sUAS) rule. In the next several months the FAA will post the preliminary regulation for public review. At this time the AMA will initiate a concerned citizens organization made up of AMA members to express their opinions of the preliminary regulation. To do this rapidly, the AMA will again contact all members by E-mail with instructions on comments and congressional contacts, which means the AMA needs everyone's current E-mail address. If you are not presently receiving occasional E-mail from the AMA, please go to www.modelaircraft.org and update your personal information. It is important for all of us to actively support the AMA especially in this endeavor.

Minutes From City of Costa Mesa Meetings, 27 Dec 2012

Three meetings were held on 27 Dec 2012. Two were with City of Costa Mesa management staff.

The first meeting was with Robert Staples, Manager of Fairview Park, from 10:30 until 12. The primary discussion was obtaining a 5 year use agreement. The second meeting was with Robert Knapp, Recreation Manager at Public Services Department, from 12 to 1:30. A brief luncheon meeting was held by HSS members. HSS attendees included Henry Smith III, John Rittenhouse, John Anderson, and Fred Hesse.

Principal notes from meeting with Robert Staples:

- Robert discussed the new members of the Parks Commission and City Council.
- Robert fully supports a 5 year agreement. He will send us a draft copy of the presentation he is preparing for the Parks and Recreation Commission (Copy received 28 Dec 2012).
- The Parks and Recreation Commission meeting will be Wednesday 23 Jan 2013, at 6 PM in the main committee room at Costa Mesa city hall. The commission will make their determination of the use agreement at that time.
- This proposed use agreement will be placed before the City Council on Tuesday 19 Feb 2013, at 6 PM also in the main committee room at the city hall.
- HSS members are invited to both meetings, and will be allowed to make short statements to the Commissioners and City Council members.

The following are ancillary notes from the meeting with Robert Staples:

- The proposed parking lot project is not part of the present park development plan.
- Robert discussed a number of funded improvements scheduled for Fairview Park. A Tot Lot will be added, and repairs to the bluff area are planned. The asphalt foot path will be replaced by a concrete

Minutes From City of Costa Mesa Meetings, 27 Dec 2012 (Continued)

path. HSS suggested that the path be relocated 10 to 15 feet South of the existing path, and that dirt trails leading to the runway be obliterated. A request was made to include a water pipe adjacent to the path, although this is not part of the base line project.

- A 10 car parking lot will be added at the end of Pacific Avenue. This is adjacent to the apartment houses near the south west bluff.
- There have been no recent complaints about model aircraft noise.
- The HSS storage container will remain where it is.
- At this time there will be no change to the weight limit of aircraft. It is still 10 pounds maximum.
- It would be appreciated if HSS would conduct another park clean-up day.
- The ponds in the north area of park development will soon be filled with water. There is a remote possibility of flying float planes off of the pond surfaces.
- The train club wishes to expand their layout, and is requesting a 50 year use permit. They anticipate building a community center as part of their track development if this is approved.
- SPECIAL NOTE: The city code was changed in February 2012. It is now illegal to smoke in any public park. The fine is \$280.

Robert Knapp invited the HSS representatives for a discussion of his views on what HSS might contribute towards coming Costa Mesa activities, and public service. Robert appears to be very enthusiastic about HSS, and could be a major contact for community service activities. The following comments were made:

- Robert Knapp wishes to include a one page description of HSS for his newly expanded quarterly magazine aimed at recreational activities. This should include photos of our field, description of the planes we fly, and special emphasis on the free flying lessons we offer. Our material is needed in the next month. This will be a good opportunity to advertise HSS to local enthusiasts.
- Costa Mesa will feature their annual Lyons Fish Fry from Friday 31 May through Sunday 2 June. We had discussed the costs involved with participating in the event (\$500 for a booth, which is prohibitive) but emphasized our interest in participating. Robert felt that he can make special arrangements to eliminate the cost, and that we should submit a plan on what we wished to offer. This would likely be a static display in the area with the rest of the participants, and flying lessons and demonstrations at our runway. This plan is needed before 23 Jan 2013.
- John Anderson and Robert Knapp had lengthy discussions about the training classes that John offers. There may be some good opportunities for HSS to offer model aviation classes to the Costa Mesa community by linking to the STEM/STEAM programs.

A luncheon meeting was held to consolidate ideas and comments from the previous meetings.

- HSS has a need to attract and mentor youth and adults. A number of ideas were proposed, which included promoting RC cars on the mounds to the North East of the runway; RC boats if the city would permit use of the new ponds on the North side of the park; developing RC robotics as part of the club activities.
- New enthusiast training. Expand our Introductory Pilot program to increase our number of instructors, and include helicopters and First Person View (drone) instruction. AMA rules for qualifying as an instructor were distributed 27 Dec 2012. Contact Fred Hesse for copies.
- Fred H. will assemble the material for the quarterly Recreations Department catalog, and develop a plan for the June Fish Fry. These will be circulated to club officers for approval prior to submittal.

2012 Christmas Party Photos

As mentioned above, the annual HSS Christmas banquet was a great success. Our club photographer, Rob Askegaard has provided the following pictures. Thanks Rob.

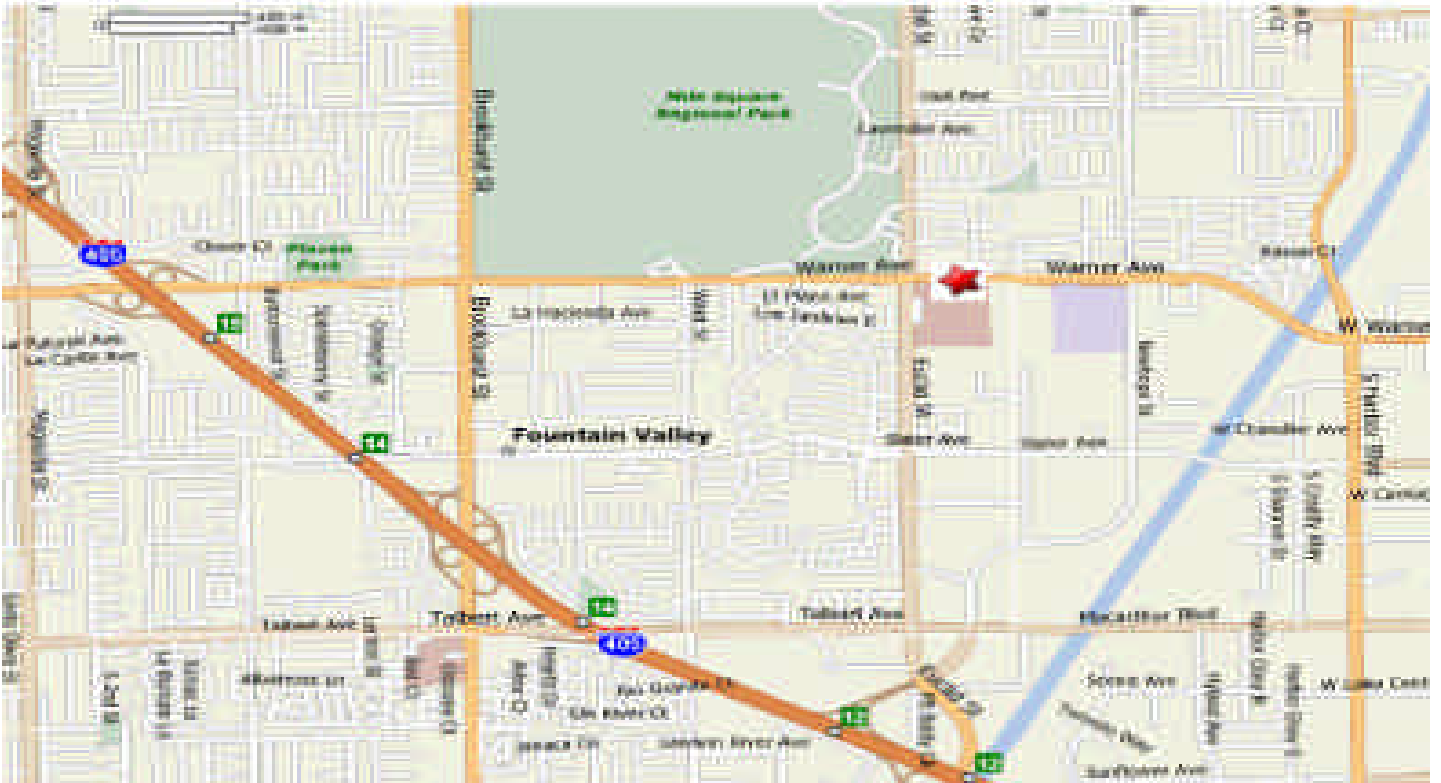

2012 Christmas Party Photos (Continued)

General Meeting Announcement For January 8th 2013

Since the first Tuesday falls on 1 Jan 2013 (New Year's day), in January 2013 we will have a special schedule, meeting on the second Tuesday January 8th at Round Table Pizza, 11095 Warner Ave. & Euclid (North-east corner) in Fountain Valley. Phone number is (714) 839-0276. Starting in February, we will return to the regular schedule which means the February 2013 club meeting will be on the first Tuesday February 5, 2013, at ROUND TABLE PIZZA, The Family Night rate is all-you can-eat pizza, plus one salad bar, for \$6.99. Fountain drinks are an additional \$1.99, self-service, or \$2.99 per liter. Beer and wine are available. Bring your wife, family, friends, etc. Bring your favorite plane for show-and-tell. There will be a raffle for the plane shown below. The location is shown in the map below. The executive/steering committee meeting begins at 6:15 PM.

2013 HSS Membership

Our 2013 HSS membership enrollment season is in full swing. A membership application is included in the last pages of this newsletter. These can be mailed in to our post office box shown on the last page, or given to a club officer. Alternately, HSS and AMA membership applications can be obtained from any club officer, or available on our club web site at www.1hss.org. Applicants must be members of the AMA prior to joining HSS. **AMA and HSS applications received during October – December 2012 are good for all of 2013 as well.** AMA Membership applications can also be obtained at the AMA web site www.modelaircraft.org, download document No. 902 from the publications page. Or you can apply on line. If you renew your AMA membership online, be sure to print the receipt that they provide as proof that you paid. And, don't forget your City of Costa Mesa Flying Permit. Details are shown on pages 9 of this newsletter.

HSS Good Will Ambassador

Ted Broberg distributed Christmas cards to the various City of Costa Mesa officials in the Parks and Recreation Department and the City Council. Thanks for your effort, Ted. - Ed.

2013 City Flying Permits Available Now

Robert Staples has sent us the announcement (below) stating that City Flying Permits for 2013 are available now for the new price of \$25 per year. Remember to bring your new AMA license. Note that renewal by mail is now allowed. Submit application (available on line), copy of AMA license, and payment.

RENEWAL NOTICE:

The City of Costa Mesa will be accepting renewals for the 2013 Flying Permits beginning about October 20, 2012, at the following locations:

Costa Mesa City Hall (77 Fair Drive, Costa Mesa 92626) – 3rd floor Recreation Counter, during regular business hours from 8:00am – 4:30pm (excluding City observed holidays). Call 714-754-5300 for details.

Temporary permits are issued at the Downtown Recreation Center (1869 Anaheim Avenue, Costa Mesa 92627) between the hours of 10:00am – 1:00pm on Saturdays. For information, call 714-327-7560.

Joyce M. Santos Administrative Secretary - City of Costa Mesa - Recreation Division
77 Fair Drive, Costa Mesa 92626 Phone: 714-754-5009 Fax: 714-754-5166

Note that to fly at Fairview Park you need the above permit, liability insurance (preferably AMA), and you need to follow City of Costa Mesa Ordinance No. 07-01, City Regulations for Issuance, Suspension and Revocation of Permits to Fly at Fairview Park, Academy of Model Aeronautics Safety Code, and the Fairview Park Flying Field Rules which are all posted at Fairview Park and on our web site at www.1hss.org. You do not need to be a Harbor Soaring Society member (but it is good to have you join us).

New Flyers

Student training is the most important service our club can offer. Helping a new enthusiast to learn to fly gives them the thrill of model aviation and brings new people to join HSS. Our flight instructors have the special buddy box transmitter set-up, the type of aircraft suitable for beginner flyers, and the AMA liability insurance that covers the student.

Below left, we have Ken Downs (on the right) teaching Gordon Mountjoy, and below right Ted Broberg (on the left) with Lee Galvin holding the 2 meter Radian, our club motor/glider.

Seen Around the Field

Rob Askegaard is our official club photographer, and provides nearly all of our photos. Ted Broberg recently got a new camera and is challenging Rob with some great photos. But, they both have stumbled with this recent group of photos that have no names and no plane descriptions. Oh, well, next time.

Unfortunately we have some excellent photos of un-named subjects. Editor's sincere apologies.

Plane Rap Classified Ads and Services - For Sale

This area of the newsletter is free to club members to sell planes, related equipment, and services. Contact Fred Hesse at fhesse@socal.rr.com with any material that you wish to insert here.

Glider Winch For Sale

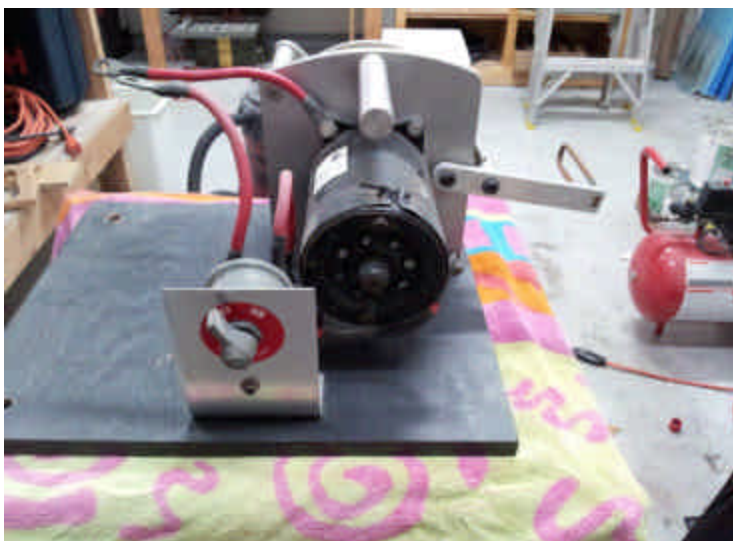

Skip Lindsey is offering the following glider winch for sale. He describes it as follows.

This is an original Basic Aircraft Technology winch built by Bob Harmon in Salt Lake City. These things are industrial works of art.

I'm the original owner and it was used as my "personal" unit when i wasn't flying with the club (Soaring League of North Texas).

The winch is equipped with an end plate support bearing which makes for very smooth operation. Powered by a Ford long shaft motor. It should launch just about anything you've got. It should probably be restrung, as I have not had it out for years. It includes a foot switch and turnaround.

I'd like \$700 for it. Please call or text Skip at [949-235-8543](tel:949-235-8543), or Email: skip.lindsey@gmail.com . The following photos show the winch components.

Plane Rap Classified Ads and Services - For Sale (continued)

Custom laser cutting services are now provided by GDH Planes, in addition to manufacturing kits. With the currently weak Canadian dollar (we are a Canadian company), it is a great time to use our services and take advantage of the exchange rates, adding to our already reasonable rates (US\$1 is currently equal to about \$1.157 Canadian). Should any of your members require this service, please have them visit our web site at www.gdhplanes.com or email us at LaserCutting@gdhconsulting.ca.
