### Meeting Location

We hold our meetings at First Team Real Estate, 10072 Adams (at Brookhurst), Huntington Beach, in the Stater Bros shopping center. I will arrive with Costco pizzas & Coors Light; I ask for \$5 for pizza and \$5 for beer. There's lots of room, so c'mon down!

### Please Support HSS

The city is working on the master plan revision for Fairview Park. HSS encourages as many people as possible to send an email stating why you believe we should be allowed to keep flying in the park at the current location. Mention our community support, that we offer free lessons to anyone interested, how we have adjusted flight operations to mitigate impact to the sensitive wildlife in the park, how passers-by enjoy watching, anything that shows a benefit HSS and the flying field provides. Send to: [fvpmp@costamesaca.gov](mailto:fvpmp@costamesaca.gov)

## New Arrivals

Mike Costello now has both clear and white tape for his Brother label maker. Contact him if you'd like your FAA and AMA numbers added to your plane. He also just added a 2-56 die to add threads to pushrod wires.

## Sources

We frequently get asked where to buy parts. You can refer this question to our sources page:

<https://www.harborsoaringsociety.org/model-parts-and-kits>

In addition to these sources, the Ace Hardware store on Adams in Huntington Beach has K&S tubing & music wire, as well as other model-size hardware items. This is thanks to Mike Greenshields, formerly of Hobby People / Shack fame, as he is now doing purchasing for Ace. Thanks Mike!

### The TRUST Test and FAA Registration

TRUST is The Recreational UAS Safety Test. It provides education and testing for recreational flyers on important safety and regulatory information. If you fly your drone recreationally under the [Exception for Recreational Flyers](#) you must pass the test before you fly. To take the test, go to <http://trust.modelaircraft.org>. This is the AMA Site. Take the test (Don't worry, it is fail proof) then obtain your "Completion Certificate."

All recreational flyers must pass this aeronautical knowledge and safety test and provide proof of test passage (the TRUST completion certificate) to the FAA or law enforcement upon request.

Go to <http://faadronezone.faa.gov> and create an account for your FAA Registration. Apply for "I fly under The Exception For Recreational Flyers". They will issue you an FAA registration number that must be affixed to the outside of all of your radio control model aircraft. The charge is \$3 for three years, for all of your R/C aircraft.

### HSS Club Decals

We now have decals / vinyl stickers with the HSS logo available. There are 3" diameter and would look great on your planes or in the back window of your car. Come to the meeting to get one or several. These cost the club \$1.20 each, so please donate to the treasury if you want more than one.

### Invitation To Members For Contributions To The Plane Rap Newsletter

Your editor would love to hear from club members. If there is anything you would like to share with the rest of us, I would like you to send it to me. I will add it to the next newsletter. My favorite things to publish are items sent in by members!! These can be anything like reviews of your plane or equipment, links to good videos, links to articles, and things you have built or created. Bad spelling and/or grammar gladly accepted. Anything from a picture with a caption to a full blown build/review article is good. Letters-to-the-Editor are always welcome as well. Tell us what you think. Please help make the newsletter and website more interesting with your submissions. Embarrassing pictures/videos are the best. I look forward to hearing from you.

Mike Costello - Plane Rap Editor - [mikeftre@gmail.com](mailto:mikeftre@gmail.com).

### Photos of Your Planes

John Rittenhouse has become the club photographer, with Mike Costello as a backup. This is your newsletter, so if you want to see your models featured, or photos of something that interests you, please send to the newsletter editor.
