SC2 CONTEST, 29 MARCH 1987

HOST CLUB, HARBOR SOARING SOCIETY

CONTEST DIRECTOR, BOB SLIFF

The competition season in Southern California is now under way with the completion of the 1st SC2 contest of the year. I was there as was most of the HSS club members. Not only that, but our club was team high point winner. So, how was it?

For March, the weather was exceptional. The wind was up some for par of the day, but not too much. The sun was out in force, as in "summer. Even though no casualties in personnel were recorded at the contest, I expect to hear a bit about sunburn soon. In fact, in addition to my own face feeling warm, I recall a reference to a "lobster colored" winch

of the day, but not too much. The sun was out in force, as in "summer. Even though no casualties in personnel were recorded at the contest, I expect to hear a bit about sumburn soon. In fact, in addition to my own face feeling warm, I recall a reference to a "lobster colored" winch master late in the contest.

Market late in the contest.

Market late in the contest.

Flying was continuous throughout the day, with minimal winch/retriever rounds. In all, the contest lasted from 9:00 until around 3:00. The contest ran quite smoothly, thanks to all of you members who helped. I would like to especially thank those who headed up the various areas. John Lupperger did an absolutely super job as winch master. He was really all over the place pushing, controlling, and helping with the launching. He took off only to fly his flights, and was right back on the job as soon as he was down. Gordon Poulson did a great job in controlling the landing area. He spent a great deal of his time on the line, as well as insuring others were there when he was needed elsewhere. Gordon Ritchke man-handeled the impound area in his own infinitable fashion. He was always tangles. Tony Lee is really to be commended for the great shade he provided as well as the super work he did at the scoring table. Larry larger managed the scoring table with unrivaled alacrity assuring rapid and accurate scorekeeping through the contest. Helen Olsen was in charge of posting scores and generally maintaining the round baard and her inflaging effort made sure that all the needed data was kept up to date. Donna Biddle ran the concession stand selling hot dogs and soda and cookies, and her efforts resulted in an added \$100.00 to the club treasury. Finally, and, I am missing all of the rest of you who did so much to make this contest a real success, my thanks to our club president, will Conrad, and to the SC? President, Frank Chastler for their great support and advice. Without all of you and your hard work (I really should mention all of our members who helped so

Thank you all, Bob Sliff.

PACIFIC R/C SOARING ASSOCIATION'S

May (SC)<sup>2</sup> CONTEST

May 31, 1987

CONTEST DIRECTOR: John Brown

714/537-7821

ASSISTANT CD: Charlotte Jolly

714/531-3457

EVENT:

3 Rounds of Radio-Controlled Thermal Soaring...

CLASSES:

Expert, Sportsman

LANDING:

Standard 25' radius circle. Landing surface is grass.

TASKS:

For each round you have a choice of either a 3, 5 or 7 minute Precision Duration flight with a landing in 25' (radius) circle. It's your choice-you may fly the same length duration for each round or they may be different and you don't need to decide which you are flying until the plane lands.

SCORING:

3 minute flight: 700 points for flight, 300 points for

landing.

5 minute flight: 800 points for flight 200 points for

landing.

7 minute flight: 900 points for flight and 100 points

for landing.

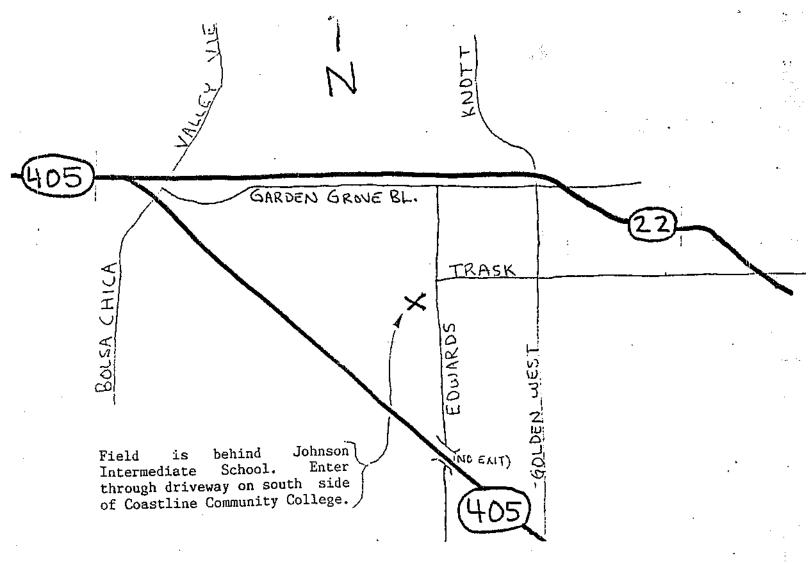

LOCATION:

Johnson Intermediate School, 13603 Edwards St. (near

trask) in Westminster. See map on reverse side.

REGISTRATION: Begins at 0845. Pilot's meeting at 0900. 1st round starts

shortly thereafter: Entry Fee: \$6.00

Summary of Secretaries Minutes, HSS Meeting, March 4,1987 meeting was brought to order at 7:35 P.M. at our usual meeting The place. as reported in the last newsletter, were February minutes, approved.

After the treasurers report, under New Business, Will Conrad reported on the status of the field with regards to the City of Costa Mesa plans For a Park. The Feb. public meeting was cancelled with no new data as of yet scheduled. Concern was expressed about potential conflicts later in the season with the HSS hosting of the F3E contest

The announcement was made that the clubs frequency tapes and some pins were missing after the conclusion of the Feb. Contest. Members should

The announcement was made that the clubs frequency tapes and some pins were missing after the conclusion of the Feb. Contest. Members should check their field boxes etc.

Felix Vivas reported the status of the up coming F3E contest to be hosted by HSS at our field this summer. Bill Lusk of the Costa Mesa House of Batteries has been very gracious to donate \$1,000.00 towards the purse.

Under New Business; Dieter Lamprecht, our March C.D., Described the casks for the next club contest. Will announced that 13 club members names were not on the A.M.A. roster for 1987 (as of Feb. 17). Bob Sliff announced the tasks for the March 29 (CS)2 contest to be hosted by HSS. Contest work assignments were announced for members. Membership cards were handed out to members in attendance. It was reported the Herman Hall is doing much better, walking a half mile a day now! Way to go Herman. The scheduled program did not materialize, so Mike Charles was kind enough to fill-in by showing the club his new experimental pylon style hand launch

fill-in by showing the club his new experimental pylon style hand launch glider. His unique design generated quite a bit of discussion.

Meeting was adjurned at 9:00 P.M.

CLUB MINUTES FOR APRIL 1, 1987

The meeting was called to order at 7:40 PM. The Treasurer & Secretary were absent. VP Ross Thomas took the minutes.

Bob Sliff noted that the March Club contest brought in \$132.00 and the SC2 contest \$137.00. Both contest amounts are less trophies, the \$1.00 fee, and the rest room charge. In addition, the food served at the SC2 contest brought in over \$100.00, thanks to Donna Biddle, Maxine Thomas, and Margie Pantzar A letter of "thanks" is to be sent to the hard working ladies. Thomas, and M working ladies.

Herman Hall sent a card to the club thanking it for the card and flowers. Fred & Donna Biddle sent the flowers in the club's name. As a gesture of thanks for attending to club members, it was voted to send Donna a Living Plant. Frank Chastler volunteered to buy the plant for the

club.

It was voted that the April 2 Meter Contest be held on April 26, 1987. Frank Chastler will run the April 12th Electric Contest.

The June 7th club contest was voted to be held on June 14th, one week

later. Pete Richardson will CD the July Contest.

announced and early ISS Annual Hand Launch Contest Was registration was suggested. The 6th Annual Rose Bowl Soaring Festival will be held on May 16 & 17, the same date as the Electric Champs at HSS.

It was voted that the club would not donate to the US 1987 R/C F3-B Soaring Team.

CD the May Club Contest, which will be "Open & 2 a show and tell on his Hand Launch Glider design, Bird of Daylight Savings Time). A partial kit is John (Meter, " Lupperger will Meter." John also did the B.O.D.S.T. (that's, available for \$19.95.

the meeting was adjourned at 9:05.

A fine program on Carbon Fiber Composites & their use in models was presented by George Spar of Aerospace Composite Products B O Benducts Trvine CA 92714.

# THE MOTHER'S DAY CLASSIC MAY CONTEST, CD-John Lupperger

The May contest will consist of three rounds, add-em-up for a total of minutes. Each second of flight time will be worth 2.666 points. There will be no time limit on any individual flight and you do not have to land to the nearest minute. You must make three flights with full launches on each one. Your last flight will be determined by the exact amount of time necessary to make 15 minutes total. The landing for round one will be worth 100 points, round two will be worth 200 points, and round three will be worth 300 points. Landing circles will have conventional tapes but will be scored backwards. The center of the tape will be worth 0 points, and the outside edge will be worth 100 (actually the highest possible points will be worth 99.) In other words, wherever you land on the tape you will write down that score and it will be subtracted from 100, giving your final landing score. For example, if you land at 82 this will be subtracted from 100, giving you a landing score of 18. You should have your timer stretch the tape out in the direction of your approach so that you can determine when you are over the end of the tape. If you are even one inch outside of the circle, you will receive 0 points. Trying to get a score of one to five (which when subtracted from 100 would actually net you a score of 95 to 99) will therefore be the most risky. Rounds will be approximately an hour and a half long. Their length will be adjusted to keep the contest moving as smoothly as possible.

The qualifying area will be the normal field boundaries, Placentia to

approximately an hour and a half long. Their length will be adjusted to keep the contest moving as smoothly as possible.

The qualifying area will be the normal field boundaries, Placentia to the bluff and north of the school fences. Sportsman flyers will be allowed one pop-off. Advanced and Expert flyers will only get a re-flight for winch or retrieval malfunction. No other exceptions. A maximum of only two pilots will be allowed per aircraft. No high speed passes through the pits or directly through the launching and landing area will be allowed and will result in an automatic zero score for that round. Pilots meeting will start at 9:00 AM and first flight will follow immediately thereafter. No sign ups will be allowed past the first half hour of round one. All final judgements on scoring or any other problems will be decided by the CD.
