LEISURE SUMMER FESTIVAL 05 ELECTRIC CONTEST

This event will be held August 14th at the SULA Flying field. A map and contest rules are on the last page of this newsletter.

MACK FREED MEMORIAL TROPHY

At our July meeting, it was decided that in honor of Mack we would create a perpetual trophy in his name.

The trophy would be presented at our annual awards meeting. The recipient would keep it until the next year at which time he would present it to the next recipient. A plaque would be presented to each winner of the trophy to display permanently in his/her home.

The qualifications for this award will be finalized at the next board of directors meeting.

In my opinion and the opinion of the members present at the meeting, this would be a fitting tribute to a man we called our friend.

ELECTRIC CONTEST FOR AUGUST 8th

The makeup electric contest for June will be held August 8th at our field. It will be open to all members from any club. There will be no classes, as far as motor size. Each contestant will be given a maximum of 4 flights to complete a total time of 22 minutes (clock starts when motor turns off). A large landing square will be used for additional points. Complete rules and point awards will be explained in the pilots meeting the day of the contest. Contest begins approximately 0900 or when registration is complete.

RESULTS SC2 AT TORREY PINES

I only have one listing at this time. Frank Chasteler placed first. Congratulations Frank!!!!

The rest of the results will be made available as I get them.

After 3 contests Frank is 4th over all. His son Tom is 23rd, Herman Hall is 19th, Ron Miller is 15th, John Krug is 28th. These club members have flown in the first 3 SC2 Contests. Other members who haven't flown all 3 are not listed here for lack of space. Their year to date results are available on request.

ELECTRIC CONTEST AT TORREY PINES AUGUST 29, 1982

Reisure Electric in conjunction with the Gulls has advised me that they will have an Electric Contest for 05 class with 6 or 8 cell battery packs. It will be held at the Gulls field, the same one where they hosted SC2 contest last month. Looks like August is the month for the electrics!!!!

---

HSS NAME BADGES, STICKERS, PATCHES

Display your club emblem!! Name tags are \$4.00, patches and stickers \$.50 each. See Frank Chasteler.

---

FROM THE EDITOR

My apologies for the late mailing of this months letter, but sometimes my day job interferes with my hobby.

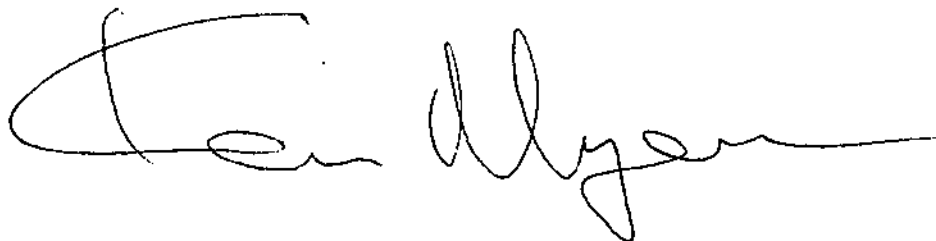

Our field is once again going to have a green landing area thanks to the hard work of Dick Pantzar, Morrey Smith, Frank and Tom Chasteler. Thank you men!!!!

This effort in watering, seeding and fertilizing is necessary if we are to establish a reasonably good root structure so we don't land on that concrete adobe. I hope the rest of the membership can understand. We are sorry it has to be watered on the weekends but that is really the only time it is feasible due to work schedules. The membership is welcome to offer to assist in this important effort.

I have included a page of directions to our field to this letter. You may see me at the meeting or at the field for additional copies. Let's spread the word to the local hobby shops to please send their customers to the field so we can assist them in the hobby.

TILL NEXT TIME,

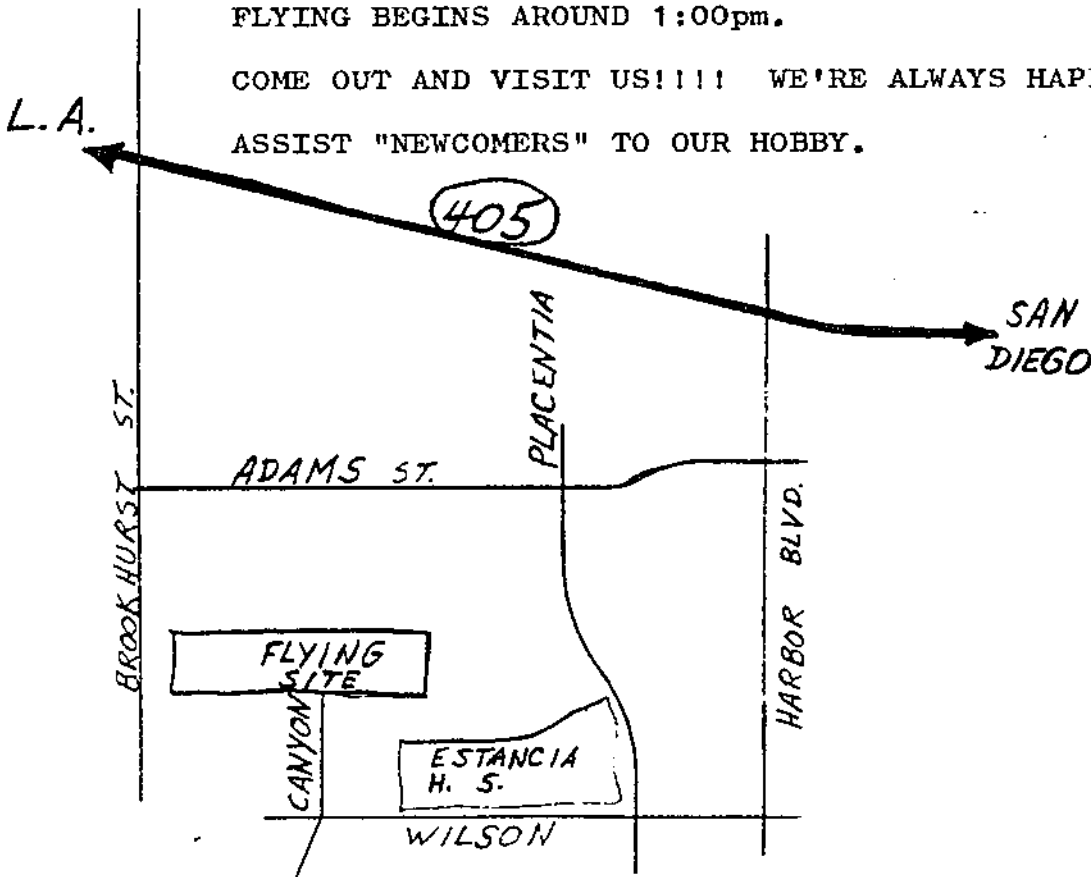

BLUE SKIES & SOFT AIR

A handwritten signature in cursive script, appearing to read "Tom Dyer". The signature is written in dark ink on a white background.

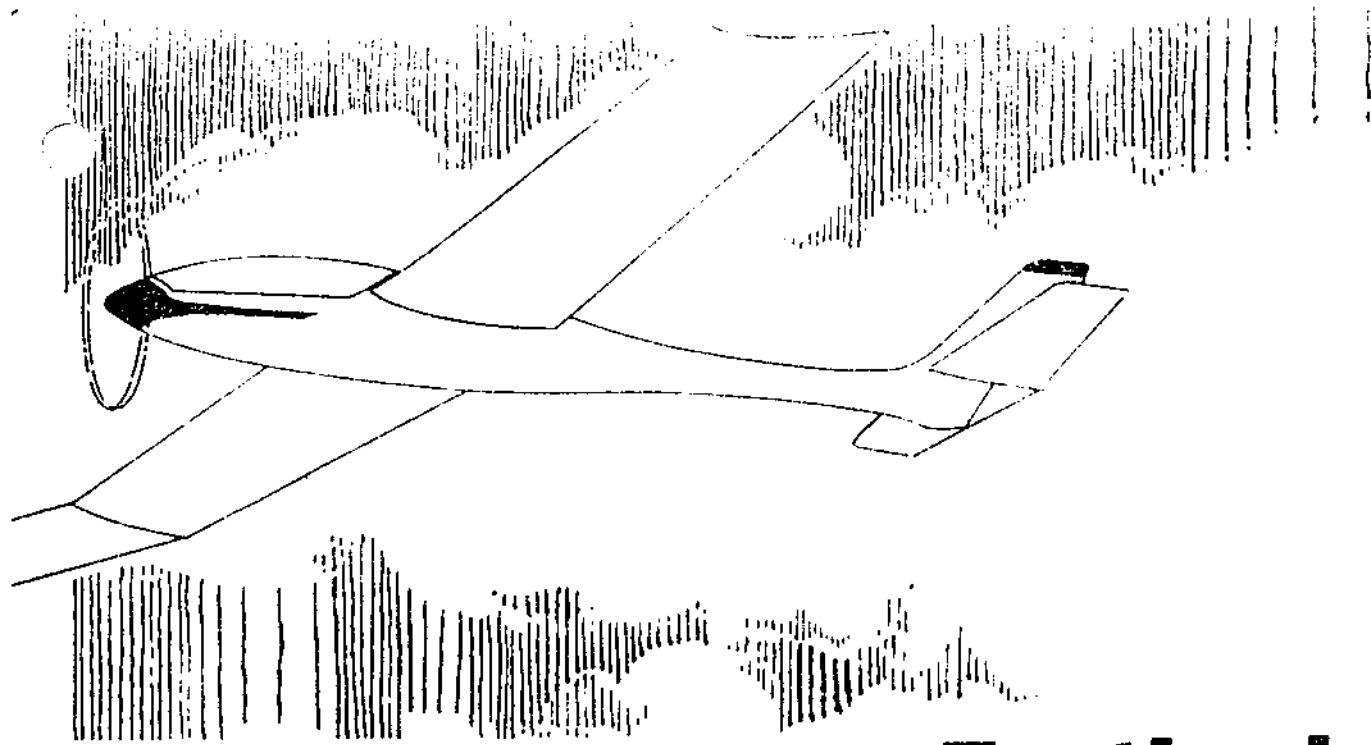

THESE ARE THE DIRECTIONS TO OUR FLYING FIELD:  
OUR MAJOR THERMAL FLYING ACTIVITY IS ON THE  
WEEKENDS FROM 8:00am to NOON, THEN SLOPE  
FLYING BEGINS AROUND 1:00pm.

COME OUT AND VISIT US!!!! WE'RE ALWAYS HAPPY TO  
ASSIST "NEWCOMERS" TO OUR HOBBY.

Note: We're sorry but due to county fire regulations  
and local zoning ordinances, glow engines are prohibited.

Our club meetings are the first Wednesday of each month, at 1965  
Placentia St., Costa Mesa, at 7:30 pm.

# Leisure Summer Festival 05 Electric Contest

August 14, 1982 Sponsor: Leisure Electronics  
Cal State Dominguez, SULA Field, Avalon & Victoria Blvds,  
Carson, CA

## Rules:

- Airplane — Your choice of design
- Powerplant — Stock Leisure or Astro Flight  
05 motor
- Batteries — Six-cell pack

Three rounds of qualification flown man-on-man. Each round of qualification is 6-minute precision duration on a timed 1½-minute motor run followed by a spot landing. (900 flight points, 100 landing points). Top six flyers from qualification will fly an unlimited time flyoff from a 1½-minute motor run. No spot landing; last man down wins.

Trophies will be awarded for 1st through 6th place.

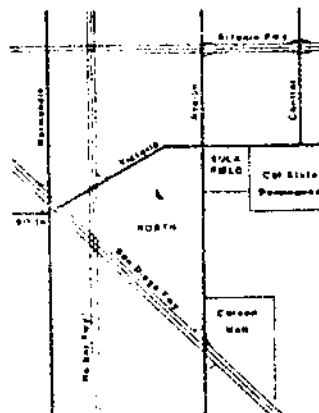

There will be an exhibition of electric sport planes and unlimited motor size planes between qualification rounds and flyoff.
