BOARD MEETING MINUTES

1. Held at Dick Rashes home. The entire 1985 Steering Committee was present.
2. Treasurer's report was reviewed. There was approximately \$600 in the checking account and \$211.83 in the Savings account. It was unanimously voted to take \$300 from the checking and place into the savings for future field contingencies.
3. It was unanimously agreed to keep our current P.O.Box at an approximate cost of \$20.00 per year.
4. 1985 Dues were discussed. It was decided to keep the dues at the 1984 levels for at least one more year. 1984 was a fortunate year in that we did not have to buy or repair any of our field maintenance equipment. We may not be that lucky this year. Also, with the uncertainty of our continued availability to the land we are now using, we could easily face site/expense problems within the next year or so. Dues were unanimously agreed upon as listed on the enclosed flyer.
5. It was unanimously agreed we would plan on 10 thermal contests for 1985, starting in January, with the Nov. and Dec. months held open for rain dates. 8 of the 10 events will count toward year end standings. H.S.S. SC-2 contest will count as one of the 10 club contests. We will plan on 3 Saturday contests.
6. Club contest fees will be the same as 1984: \$2.00 per member, \$1.00 for Juniors, and 50¢ for masters(not eligible for trophies). We will continue with the same classes and the same awards.
7. There will be no zoom launches at the H.S.S. contests. There will be 0 points awarded for any flight where the landing is made on the school side of the fence.
8. We will shoot for 5 Electric Contests, every other month, as possible. There will be further discussion at the next General Meeting regarding the running of Electric Contests.
