David P. Nemecek 16599 Silktree Street Fountain Valley, Ca. 92708 (714)839-4317 AMA # 64503

#### JULY THERMAL CONTEST

- Five flights of 1, 2, 3, 4, and 5 minutes each. <u>Called flight order</u> and <u>flight time</u>.
- Precision landing, all flights 100 landing points. Landing is to be within the standard 25-foot circle, as measured with the standard landing tapes.
- 3. Flight scoring (All flights 500 points maximum):
  - 1 minute flight 10 points off/second over or under 1 minute 2 minute flight 8 points off/second over or under 2 minute 3 minute flight 6 points off/second over or under 3 minute 4 minute flight 4 points off/second over or under 4 minute

5 minute flight – 2 points off/second over or under 5 minute

- 4. All launches must be by winch. Full winch launch is not required.
- 5. Contest director Will Conrad.

## Editor's Column

This year's midsummer gathering of the Harbor Soaring Society clan will be held at Fred and Donna Biddle's home on July 5. Directions are attached to this newsletter on a separate page.

Tony Martin

#### Thermal Trivia

As most of you are probably aware, the Nationals are being held from July 5 through August 1 at Lake Charles, Louisiana. The last time the Nats were held on the west coast was 1984 in Reno and before that in 1978 at March Air Force Base in Riverside. I believe we would all like to see the Nats held on the west coast more often. Is it because of politics or a lack of flying sites for not having the Nats on the west coast?

After a contest I believe we have all had times when our minds go over the reasons why we blew a certain round, either by not getting the time or a good landing. Good pilots are compelled to evaluate their performance and correct their mistakes in striving for perfection. Let's face it, we all make mistakes, but winners make fewer mistakes than their competitors. Some people say luck has something to do with winning, and maybe it does, but I'm inclined to believe that the harder you work at something the luckier you get. Of course, there must be a motivation factor in order to dedicate yourself to excel and perform your best. The challenge is there for all of us. Compete against yourself for bettering your own score and things seem to stay in perspective and contest flying is more fun.

It is not my intention to review or evaluate movies, but since "Top Gun" is the #1 box office hit now, I can't resist getting my two cents of commen' in. There have been positive and negative comments by the media and peol I know who have seen the movie. I have seen it twice and enjoyed it. I remember a professor I had in a college music appreciation class who told the class "When you attend a musical concert go with intentions of being entertained and enjoying the performance." Sure, there are technical flaws in "Top Gun" which can be detected by anyone who has aeronautical and aviation knowledge or experience, but remember, "Top Gun" was filmed with a story in mind to entertain and appeal to the general public. From a humanistic viewpoint "Top Gun" is darn close to the truth!

Rich Garner
