"The Oldest A.M.A. Sanctioned Soaring Club in The World"

SEPTEMBER 1987

Volume 24 Number 9

SEPTEMBER CLUB MEETING

The September club meeting will be held on Wednesday, September 2, 1987 at 7:30 P.M. at the Consolidated Water District Office, 1965 Placentia Ave., Costa Mesa. The program tonight will feature George Sparr and some of his new developments in the world of composite structural materials. This program is tentative.

OCTOBER CLUB MEETING

The October club meeting will be held on Wednesday, October 7, 1987 at 7:30 P.M. at the Consolidated Water District Office, 1965 Placentia Ave., Costa Mesa.

SEPTEMBER CLUB SAILPLANE CONTEST

September 6th 9:00 am

CD: Herman Hall

This contest will consist of three rounds of the familiar 3-5-7 tasks. You may fly a 3, 5, or 7 minute flight in any of your flights. The scoring is as follows: 3 minute; 700 flight points, 300 landing points, 5 minute; 800-200, 7 minute; 900-100. The standard 25 foot radius landing spot will be used.

OCTOBER CLUB SAILPLANE CONTEST

October 11th 9:00 am

CD: Pete Richardson\

This contest will consist of three rounds of sailplane flying. Tentative tasks are as follows. The first round will be a two minute precision scored 500 flight points and 500 landing points. The flight points will be scored per the bell curve in the AMA rule book. The second and third rounds will be your choice of a five minute triathlon or a nine minute triathlon. Triathlon scoring is composed of three sources of points; flight, precision, and landing points. The flight points are scored as so many points per second, the precision points are scored on a +/- 30 second bell curve on every odd minute, and the landing points are on the usual 25 foot radius landing circle. The point breakdown for the five minute will probably be 600 flight, 200 precision, and 200 landing points. The nine minute point breakdown will probably be 800 flight, 100 precision, and 100 landing points.

CONTEST SCHEDULE

- September 6.....HSS Monthly Contest
- September 27.....SULA SC²
- October 11.....HSS Monthly Contest
- October 25.....ISS SC²
- November 8.....HSS Monthly Contest

NOTE:

The year end standings will be calculated by throwing out the two low scores and summing the remaining scores. If you missed a contest this is considered a zero score.

PLANE FOR SALE

Ken Nelson has a framed Cunic Plus for sale. The building job is excellent. He's asking \$250, what a deal! His number is 549-0581.

MINUTES OF THE AUGUST CLUB MEETING

The meeting was brought to order at 7:38 pm, at this time two new members introduced themselves, Jeff Tesoro and Budd Finner have joined our club which brings the membership to 101. Next old business was discussed, Ross Thomas explained the rules for Sunday's thermal contest, August 9th. Next Jack Vail is making up business cards for all club members. There was a \$50.00 charge for artwork charges and printing the cards. A motion was made to pay Jack out of the club treasury, the motion was seconded and passed. Tom Pastore then gave the treasurer's report.

Will Conrad announced he acquired two video tapes, one on the use of monokote and the other on fiber glassing techniques. Ross Thomas was elected to hold these tapes, they will be available to club members for viewing after coughing up a \$20 deposit. Frank Chasteler had a report on SC², our club is in first place in the standings. The next SC² contest will be hosted by SULA on September 27th. Bob Sliff and Felix Vivas discussed the electric (F3E) contest which will be held at our field on the 15 and 16 of August. Mike Charles will be the contest director. Mike explained the rules and answered questions about the contest. Bob Sliff next gave a report on the Nationals held in Lincoln, Nebraska. Three members of HSS placed in the event. Dan Fink 1st in standard, Phil Harris 8th standard, and Ken Meienberg 13th standard. The meeting was adjourned at 9:45.

Show and tell. Dale Black brought along his beautiful electric powered scale model of an American Eaglet. The model was covered in blue monokote with white trim.

HSS F3E CONTEST

The F3E contest hosted by Harbor on August 15th and 16th went very well. Mike Charles with the aid of many ran a smooth contest. Eighteen contestants flew 3 rounds Saturday and 2 rounds Sunday. The low score for both days was thrown out. Several local boys finished on top. Jerry Bridgeman came in first and was awarded the \$1000 first prize donated by the House of Batteris. Chuck Hollinger finished in second place and was awarded \$650 donated by Airtronics. Bobby Gerbin finished in third place and was awarded \$250, and Brian Chan finished fourth and was awarded \$150. The planes these four pilots flew were unique. Jerry flew his own design which had a fiberglass fuselage and foam cored wings with fiberglass skins. The plane had a good glide ratio which helped him in the distance task. The plane Chuck flew the first day had an outstanding climb rate, he was able to outclimb everyone with a shorter motor run. Unfortunately his plane had a structural failure on the distance course and was demolished. Chuck's backup plane did not climb quite as good as his primary, but still was impressive. Both of his planes were a sleek pod and boom design with high aspect ratio wings, the primary had a gear drive, the backup was direct drive. Bob flew his own design, a vee tailed polyhedral configuration. Brian flew a foam and fiberglass straight winged configuration. These pilots as well as the other contestants deserve a hand for their excellent performance. The contest could not have been run without the help of the Harbor club members who performed timing, sighting, impound as well as other duties. Thanks also go to the sponsors for their support of the event. Finally, thanks go to the organizers. The results are as follows:
