AMA Charter #128

The Western Soaring Capital

President's Message

by Larry Jolly

I hope every one has had a chance to get some flying in, the lift has been great. I want everyone to be aware that WE need to be on our best behavior at the field. Be very courteous to hikers, and make sure to stay out of the Biological area. We may have a potential problem with the City. I will be attending the City Council meeting on April 26 to find out just what the issues are. I will have a report at the meeting to tell you about the outcome. Roger Saville has got his May 13 Open House funfly all planned. We still need a few folks to help out, if you will be available on May 13 a Saturday let one of us know. I am a little discouraged by the lack of numbers at our Club Meeting. I am wondering if the Irvine water District is to far away for most folks. I would like to run a poll on this, I could be encouraged to find a meeting place closer to the field. I hope that as many of as can make it will come to the next meeting. Dave Sanders has kindly agreed to give us a talk on his business and particular his new slowly model. Karl Haley will be doing a full-Monty, it should be a good time for all.

Harbor (SC)² Handlaunch Contest

If you have been following the (SC)² newsletter, you may have noticed that the other clubs have decided to try a series of Contests for Hand Launch Gliders. Harbor Soaring Society will host the first contest, Sunday, May 28. For tasks, we will be running the first days events from TPG's International H.L. Contest. We will have trophies, and I have to check with Mike Lee for Entry fees. I will need a few people to help run the meet. If you are available see me at the meeting or drop me a line. So dust off your favorite Chuckey and Join us at the best field in Southern California. Think of it as a warm-up for the IHLG. Don't forget WE will take everybody, so see you then. Look at Harbor's web page for more information.

late and read the Saturday or Sunday paper by yourself (oh the joy of not sharing!)

2) He's not around when you want to go with your friends to have a manicure and pedicure (hey, he spends money too!)

3) He's not around when you hit the early morning specials at Robinsons-May (40-50% off sales!)

4) He's not around when you go and buy all of the pretty flowers that he won't be around to plant (so he can't say anything!)

5) He's not around when you meet your friends for breakfast down at the beach and you can spend all the time you want (cause he won't be back for hours and hours!)

Well, what do you think now? It's all about attitude! My motto has always been "you live your heaven or hell on earth". Sooo, shall we make it heaven? or hell? I'm a Weekend Widow in heaven and loving it! Carolyn Jolly (yep, that's Larry Jolly's wife!)

To the Weekend Widows out there -

Just when you thought having a flying nut for a husband was a bad thing, I'd like to give you some ideas about the fun things that you can do when he's NOT around!

1) He's not around when you want to sleep in
