Coming Events

July 2024

- **NEW MEETING LOCATION!! FIRST TEAM REAL ESTATE OFFICE**
- July meeting will be at our new location on July 9, 7:00 – 9:00
- Fairview Park flying days! **Note no flying on July 6. Instead, we fly July 20 & 27,** weather permitting.

New Meeting Location

We used the meeting space at First Team Real Estate for our June meeting. All comments were that it went well. Plan on meeting there for the foreseeable future, First Team Real Estate, 10072 Adams (at Brookhurst), Huntington Beach, in the Stater Bros shopping center. I will arrive with Costco pizzas; there is water & coffee on site & a refrigerator if you want to bring other beverages. There's a big meeting table (it's actually a ping pong table) with numerous chairs & a big TV. The room can easily accommodate more people than usual at the pizza joint, so c'mon down!

Dean's Connectors

We were privileged to have Robin Dean give a presentation at our June meeting. He brought test equipment and knowledge about the connectors used in our electric models. Bottom line is, most of us use second-rate connectors just because that's what came in the plane from the factory. XT's and EC's are higher resistance and harder to solder to than Dean's. A simple test is to feel your connectors after a flight – if it's warm, it's inefficient.

Fire at Fairview

On Saturday June 23, there was a fire at Fairview Park, in the northwest corner somewhat near the pond. The CM Fire & Police depts responded quickly, along with fire crews from Huntington Beach, Newport Beach, and OC Fire, including a big CH-47 Chinook helicopter. The cause is still being investigated.

Lions Club 60th Fish Fry

For our first time, HSS had a booth at the annual Fish Fry event. Coincidentally, this was the 60th year for the Fish Fry and our 60th anniversary.

We had a few models on display, 2 flight sims, John Anderson with his collection of flying index cards, etc. and of course, foam plate gliders. We made probably 100-150 FPG-9s over Friday-Saturday-Sunday to the delight of all. The folks in the booths around us enjoyed the kids (ages from 3 to 78) flying their new planes!

We had a nice volume of people visiting with us. Everyone who stopped to chat talked about how happy they were that we were back flying at Fairview; many thought we had been canceled forever. We told everyone they were welcome to come out to fly our club trainers at no cost or obligation. Several guys will take us up on that offer in order to dust off their dormant flying skills, and likely become active fliers again!

Thank you to all the members who helped make this event happen: Mat Garcia, Mike Costello, John Anderson, Jesse Calleros, Kevin Koch, Henry Smiths III & IV.

The TRUST Test and FAA Registration

TRUST is The Recreational UAS Safety Test. It provides education and testing for recreational flyers on important safety and regulatory information. If you fly your drone recreationally under the [Exception for Recreational Flyers](#) you must pass the test before you fly. To take the test, go to <http://trust.modelaircraft.org> . This is the AMA Site. Take the test (Don't worry, it is fail proof) then obtain your "Completion Certificate."

All recreational flyers must pass this aeronautical knowledge and safety test and provide proof of test passage (the TRUST completion certificate) to the FAA or law enforcement upon request.

Go to <http://faadronezone.faa.gov> and create an account for your FAA Registration. Apply for "I fly under The Exception For Recreational Flyers". They will issue you an FAA registration number that must be affixed to the outside of all of your radio control model aircraft. The charge is \$3 for three years, for all of your R/C aircraft.

HSS Membership

Our 2024 HSS membership enrollment season is running full speed. Note that annual membership dues is now reduced to \$15. The latest membership application is included in the last pages of this newsletter. This can be mailed to our post office box shown on the last page, or given to a club officer. Alternately, HSS and AMA membership applications can be obtained from any club officer, or available on our club web site at www.harborsoaringsociety.org.. Applicants must be members of the AMA prior to joining HSS. AMA Membership applications can also be obtained at the AMA web site www.modelaircraft.org, download document No. 902 from the publications page. Or you can apply on line. If you renew your AMA membership online, be sure to print the receipt that they provide as proof that you joined. And, don't forget your City of Costa Mesa Flying Permit.

HSS Club Decals

We now have decals / vinyl stickers with the HSS logo available. There are 3" diameter and would look great on your planes or in the back window of your car. Come to the meeting to get one or several. These cost the club \$1.20 each, so please donate to the treasury if you want more than one.

Planes for Sale

Through a conversation at Imaginology, the club received a donation of one man's entire collection of RC electric planes. We will be selling these at some upcoming swap meet, or members may contact Mat Garcia to get first crack at them. Most are ~40" span WWII fighters, several UMX models, a ~50" PBX, and more.

Invitation To Members For Contributions To The Plane Rap Newsletter

Your editor would love to hear from club members. If there is anything you would like to share with the rest of us, I would like you to send it to me. I will add it to the next newsletter. My favorite things to publish are items sent in by members!! These can be anything like reviews of your plane or equipment, links to good videos, links to articles, and things you have built or created. Bad spelling and/or grammar gladly accepted. Anything from a picture with a caption to a full blown build/review article is good. Letters-to-the-Editor are always welcome as well. Tell us what you think. Please help make the newsletter and website more interesting with your submissions. Embarrassing pictures/videos are the best. I look forward to hearing from you.

Mike Costello - Plane Rap Editor - mikeftre@gmail.com.

Photos of Your Planes

John Rittenhouse has become the club photographer, with Mike Costello as a backup. This is your newsletter, so if you want to see your models featured, or photos of something that interests you, please send to the newsletter editor.

HSS Sponsors

HSS is proud to announce we have added new sponsors to our website. Check them out! Please click on the links so we build our visitor count with them!

The following companies are proud sponsors of Harbor Soaring Society. They give us special offers, and make contributions to our monthly raffles. In return, please support them, and mention that you saw them advertised in the HSS Plane Rap newsletter.

AirPixel Technologies/FrSky Distributor

I just wanted to reach out on behalf of FrSky, as we are working directly with the manufacturer to do some community outreach to aviation clubs that are close to us here in Southern California, as provided by the AMA Club list. If anyone who happens to be a part of your club or organization is looking to purchase any number of **FrSky radios, receivers, gimbals, or other FrSky products**, we would love to assist in fulfilling these needs. During this outreach, we will be **lowering our prices to assist local clubs** in obtaining the necessary gear to get members flying as soon as possible. If you or anyone in your club is looking for products of this variety to assist in your RC aspirations, please do not hesitate to contact us via email or at our office phone number, which I will attach below, where we can answer questions regarding sales and warranty questions, and assist with any and all FrSky product related technical difficulties that you or your club members might run into.

Thanks so much for keeping the hobby alive and I look forward to hearing from you! -Brock
